

Namibia's 2nd International Oil & Gas Conference

UNLOCKING & OPTIMISING OUR RESOURCE POTENTIAL

Exploration. Energy. Investment.

17 – 19 September 2014
Windhoek, Namibia

Organised by natural resources experts, this Namibia focused leading event offers an exceptional roster of speakers, as well as a timely and relevant agenda. Enjoy this unique opportunity to gain vital insights on emerging topics and engage with industry's brightest thought-leaders; both on the stage and in the audience.

Namibia's Vision 2030

'Ensure the development of Namibia's natural capital and its sustainable utilization for the benefit of the Country's social, economic and ecological well-being'

As a proudly Namibian company, Rich Africa Consultancy is pleased to announce and host Namibia's 2nd International Oil and Gas Conference and Exhibition 2014, to be held on 17 -19 September in Windhoek, Namibia. The theme of the conference is 'Unlocking & Optimising Our Resource Potential' with a special focus on exploration, energy and investment. This thought leadership event will gather international and local experts, and key stakeholders to exchange ideas and deliberate on key issues shaping Namibia's oil, gas and energy industries.

This learning and networking platform will attract investment and positively contribute to the foundation for developing a framework for the sustainable management, development and investment of Namibia's natural resources.

CONFERENCE OBJECTIVES

- **TO DISCUSS** the latest developments, investment opportunities and outlook for the oil, gas and energy sectors in Namibia.
- **TO DEBATE** the challenges and prospects that lie ahead for the oil and gas sector as global energy demand increases.
